

March 20,2020

Spring Greetings Samish Students!

I am writing to check in with you all in these times of great challenge and change. May this note find you well. Many of you have been in touch with me on an individual basis in the last couple of weeks, and I want to be sure that you all know how much you are valued and cared for by your fellow Samish citizens and staff.

In response to the pandemic, we have rapidly changed over to emergency remote operations. Thanks to an amazing team effort, this process has been quite smooth, and we are feeling fully operational with our new systems in place.

Please take a moment to respond to this inquiry and let us know how things are for you.

Have your higher education plans changed in any way?

Are you continuing with online courses with minimal disruption, or is your course altered? If so, how?

Is your contact information up to date? Are you a recent/soon to be graduate?

Have you applied for your Spring term award yet? [Form for Continuing Students](#)

We would greatly appreciate knowing where everyone is at and how we can best support you as we move forward together.

Hóy7sxbwq'e and Take Care,

*Denise Crowe*
