Up to ten (10) of the units and fifty-percent (50%) of the cost associated with the community center and related infrastructure will be designated for low-income households using IHBG funding. Up to ten (10) of the units and fifty-percent (50%) of the cost associated with the community center and related infrastructure will be designated for over-income households financed with non-IHBG funding. The land is located at 2109 34th Street, Washington 98221.
Eligible Activity Number	(4) Construction of Rental Housing [202(2)]
Intended Outcome Number	(7) Create new affordable rental units
APR: Actual Outcome Number	(7) Create new affordable rental units
Who Will Be Assisted	Low-Income Native American Families with a preference for Samish tribal Elders and members with a permanent or total disability.

Types and Level of Assistance	Permanent Supportive Housing to families that meet program eligibility criteria. The project will provide up to 20 rental units - in which 10 will be assisted with NAHASDA funds. Each unit will have two bedrooms, one and one-half bathrooms with a combination of ADA accessible bedrooms. A Community Center will be located on the property, allowing housing staff to conduct community gatherings, annual events in the community, safety demonstrations, home maintenance and education training provided in a classroom setting. Low income families will pay between 10% - 30% of their adjusted gross income toward monthly rent. This percentage amount will be determined by Council Resolution on an annual basis.			
APR : Describe Accomplishments	Samish Indian Nation was not able to accomplish this goal in 2019.			
Planned and Actual Outputs for 12-Month Program Year	Planned APR - Actual			
	Number of <b>Units</b> to be 10 0 Completed in Year			
APR: If the program is behind schedule, explain why	Samish Indian Nation continues to work on a mixed-income housing development on its 2-acre property in Anacortes, Washington. The City of Anacortes is in the midst of a complete overhaul of its development regulations, which was expected to be completed by the end of 2018, however this did not happen until August 2019. The new regulations have provided additional development potential for the property. We are currently working with a design firm Travois Design to design the property based off the new regulations. At the current state of design, we expect to be able to construct up to 20 single/-story cottage-style homes of about 1100 sq. ft, each with two bedrooms and 1 1/2 baths and a Community Center of about 1000 sq. ft. \$286.70 was used for program administration.

APR: If the program is behind schedule, explain why			Samish Indian Nation continues to work on a mixed-income housing development on its 2-acre property in Anacortes, Washington. The City of Anacortes is in the midst of a complete overhaul of its development regulations, which was expected to be completed by the end of 2018, however this did not happen until August 2019. The new regulations have provided additional development potential for the property. We are currently working with a design firm Travois Design to design the property based off the new regulations. At the current state of design, we expect to be able to construct up to 20 single/-story cottage-style homes of about 1100 sq. ft, each with two bedrooms and 1 1/2 baths and a Community Center of about 1000 sq. ft.

#### 2019 – OVERVIEW SELF-MONITORING RESULTS

This year Samish has continued using the self-monitoring plans for recipients, as provided by HUD on their website one the Grant Oversight and Monitoring page, to complete our required annual self-monitoring. During this year we completed the following monitoring plans as applicable to current Samish NAHASDA programs and any areas of non-compliance or improvements needed are noted:

#### A. APR & IHP Compliance

**Issue:** No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

#### **B. Draft Lead-Based Paint**

**Issue:** No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

#### C. Environmental Review Compliance

Issue: No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

**Comment:** Completed corrective action plan identified in 2018.

#### **D.** Organization & Structure

Issue: No areas of non-compliance or improvement noted.

**Corrective Action Plan/Taken:** N/A

**Comments:** Housing Director will be working to implement a new procedure for evaluating criminal background check results in a standard way to create a more uniform system not reliant on the single case manager's interpretation; it is hoped this effort will better meet the needs of our community and also better identify criminal barriers in serving our community.

#### **E. Procurement & Contract Administration**

Issue: No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

**Comments:** We do not currently directly address Indian Preference, Section 3, and protests and complaints, directly in our Finance Policy, but meet with requirements in our practices. A future revision of the Finance Policy is planned, and we will consider creating separate clauses within our Finance policy that specifically address these areas.

#### F. Section 504 Accessibility

Issue: No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

#### **G. IHBG Self-Monitoring**

**Issue:** No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

#### H. Admissions & Occupancy

#### Issue:

We identified a single failure in implementing procedure for a possible conflict of interest for a Rental Assistance client that was the nephew of an employee. In this isolated occurrence, the client failed to disclose the conflict during their application process.

#### Corrective Action Plan/Taken:

The conflict of interest procedures per our policy were followed and declaration was published once discovered. In order to ensure clarity in this process for the future, the program has now included the full definition of immediate family in both the application documents for the client to review prior to their declaration and in the electronic enrollment verification form.

#### Comments:

Additionally, the Program will look into offering the client's rental insurance as an added benefit in 2020.

#### I. Financial & Fiscal Management (including Appendixes 1-8)

**Issue:** No areas of non-compliance or improvement noted.

Corrective Action Plan/Taken: N/A

Ms. Sharon Paskewitz Housing Director Samish Indian Nation PO Box 217 Anacortes, WA 98221-0217

Dear Ms. Paskewitz:

Subject: Review of Annual Performance Report

Program Year Ended December 31, 2019

Grant Number: 55IT5313870

The Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA), at Section 404, as amended, requires the Department of Housing and Urban Development to assess, at least annually, each recipient's performance under the Act. This letter is to inform the Samish Indian Nation (Tribe) that HUD has completed the review of the Tribe's Annual Performance Report (APR) for the program year ended December 31, 2019. The review was designed to evaluate the APR and provide comments to recipients on data quality and overall performance. The following performance measures were considered:

### Whether the Tribe:

- carried out its eligible activities in a timely manner;
- carried out its eligible activities and certifications in accordance with the requirements and the primary objectives of NAHASDA and with other applicable laws;
- has continuing capacity to carry out activities;
- complied with the Indian Housing Plan (IHP); and
- submitted an accurate APR.

The Northwest Office of Native American Programs' (NwONAP) review was limited to an examination of the APR submission and information readily available and would not necessarily disclose all deficiencies or matters of noncompliance. NwONAP's review disclosed that the APR is complete, and the Tribe has complied with the IHP in carrying out its eligible activities in a timely manner. The review did not disclose any deficiencies or noncompliance with applicable laws and regulations; therefore, NwONAP offers no recommendations.

NwONAP congratulates the Tribe on its achievements and its participation in the Indian Housing Block Grant program. NwONAP looks forward to working with the Tribe to provide any technical assistance that may be necessary.

If you have any questions, please contact Andrea Sexton, Grants Evaluation Specialist, at (206) 220-6165, or by email at Andrea.R.Sexton@hud.gov; or Katie Wilson, Grants Management Specialist, at (206) 220-6219, or by email at Katherine.T.Wilson@hud.gov.

The land is located at 2109 34th Street, Anacortes, Washington 98221. A Community Center will be constructed to be used by residents of our affordable permanent housing, in addition to families participating in our TBRA, Homelessness Prevention, Rapid Re-housing and Emergency housing programs. We will introduce a new program ¿Community Awareness Health and Safety¿, designed to provide home safety demonstrations, home ownership education, home maintenance skills, educational training, and financial literature to residents in our affordable permanent housing, in addition to families participating in our TBRA, Homelessness Prevention, Rapid Re-housing and Emergency Shelter housing programs. Activities offered will include assistance preparing a housing search plan and list of local landlords. For those clients that demonstrate that they need more assistance and support to find housing, the supportive service will be provided to meet the level of need. Evaluate the household¿s current resources, problem-solving abilities, and financial life skills, then provide the appropriate amount of assistance to ensure the greatest chance of successful transition to independence after program exit. When assistance ends, participants should have developed a natural support system, if possible, that will allow them to address obstacles that might later arise with employments, childcare, transportation or financial management. Participants will also need to know how to navigate multiple systems, so ¿other housing services¿ should consist of arranging, coordinating, and monitoring the delivery of individualized services to facilitate housing stability, Rather than simply making referrals to programs, there will be times that we will need to walk participants through how to access services on their own and ensure that participants have the skills to access services

### Geographic Distribution

Assistance is distributed in a variety of ways for us to meet the needs and diversity of our families. We send information to our families through mailings on a quarterly basis. Our newsletter is mailed to all Samish households regardless of where they live, and our webpage is available to anyone with access to the internet. For our Native Elders, developing community relationships with agencies that have Tribal Outreach and Assistance has been and continues to be critical in providing information and assistance to this population. This one on one approach has been effective in helping our elders understand the services we provide and how such services can be effective for them. We provide services in ten (10) counties throughout Western Washington Clallam, Island, King, Kitsap, Pierce, San Juan, Skagit, Snohomish and Whatcom. We have developed partnerships within our 10-county service area, explaining to other providers who we serve and how to contact us for information regarding the various housing services offered. We are also a part of Skagit County¿s Coordinated Entry System- a system designed for all populations that aligns the Single Adult, Family, and Youth into a seamless, collaborative, county-wide platform for housing and service delivery to homeless households. Our focus is on Native households. The main objectives of this system are to: ¿ Reduce the length of time a family is homeless and permanently house them as quickly as possible, using Rapid Re-housing and linkages to supportive services. ¿ Bulld upon existing community-based infrastructures to serve homeless families, leverage resources, and provide more targeted and cost-effective interventions. It is our goal in 2020 to become a part of the Homelessness Management Information System (HMIS) in Whatcom, Island and San Juan Counties. This will be another resource in helping us identify families in those areas that could benefit from our program.

5. 2020-0021 - Model Activity - Community Center

Budget: \$150,000.00

## Potential Amendment to the Indian Housing Plan – New for 2020

1. Housing Management – Maintenance and Occupancy I recommend that we not include this activity in the initial Indian Housing Plan, for we do not know if any of the rental units will be "Move in Ready" until mid-2020.

## Program's discontinued in 2020\*

## **Down Payment Closing Cost**

My reason for this recommendation is because this program needs to be revamped. The policies need to be re-written, and the process on how we manage the program needs to be completely revised. I would like to speak with other Tribes within our service area that offer Down Payment Closing Cost and see how they operate their program to give me some ideas on how to make this a service that can effectively be offered to Tribal members.

\*Note that we can re-instate this program if we determine there is a need.

November 26, 2019

The Honorable Thomas Wooten Tribal Chairman Samish Indian Nation PO Box 217 Anacortes, WA 98221-0217

Dear Chairman Wooten:

SUBJECT: Federal Fiscal Year 2020

Indian Housing Block Grant Program Grant Number. 55-IT-53-13870

The Office of Native American Programs is pleased to inform you that the Indian Housing Plan (IHP) you submitted for Federal Fiscal Year (FFY) 2020 funding under the Indian Housing Block Grant Program has been found to be in compliance with the requirements of Section 102 of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) and the associated requirements at 24 CFR Part 1000.

The regulation at 24 CFR 1000.214 explains that grant funds will be provided to a recipient when two conditions are met: First, the IHP must be determined to be in compliance with Section 102 of NAHASDA and second, funds must be available. As stated above, the first condition has been met (your IHP is in compliance). Unfortunately, at the present time, grant funds for FFY 2020 are not available. Funds for FFY 2020 will not be available until Congress appropriates the funds and makes them available to the Office of Native American Programs. We will notify you as soon as the funds become available.

If you have questions or need assistance during this process, please contact, Sandel Ferguson Grants Management Specialist, at (206) 220-6673, or me at (206) 220-6661.

Sincerely,

Director,

Grants Management Division
